# PHOENIX 3000

GAMING KEYBOARD AND MOUSE / TECLADO MECÁNICO Y RATÓN

# WELCOME TO YEYIAN A NEW LEVEL OF WORLD GAMING

You're one of the millions of gamers. You can be the socially engaged, the sport fun, the explorer, the soldier, the builder or the strategist. All require supernatural reflexes, powerful machines, consistency and a strong tolerance for suffering hundreds of defeats at the hands of other players before the fun kicks in. But there is something unique required in a game, disruptive and exciting; a moment that allows you to control what happens next; the millisecond you feel intimidated, the move that will set you apart from the rest. Your decision in that moment, your confidence, your passion, and your determination to win, will take you to the monumental Victory.

Choose big, don't settle and always keep going.
